

REQUEST FOR PROPOSALS
THREE CREEK WASTEWATER TREATMENT FACILITY
SCADA SYSTEM DESIGN AND INSTALLATION

The Greenville County Water & Sewer Authority (GCWSA) is soliciting qualified, sealed proposals for the design, fabrication, integration, and installation of a new Supervisory Control and Data Acquisition system (SCADA) to replace the existing SCADA system at the Three Creek Wastewater Treatment Facility and designated off-site pump stations.

Qualified firms shall have a demonstrated capacity to implement replacement SCADA systems in the municipal wastewater collection and treatment industries. Firms will have broad expertise in the design, integration, and installation of SCADA system related equipment.

The Authority has elected to secure this service via competitive negotiation. The Authority took this action by passing Resolution WS-15-69. Accordingly, the cost of the service is only one of the selection criteria. All proposals will be evaluated by a selection committee. Interviews will be conducted with the highest ranked companies. Award resulting from this Request for Proposal is expected to result in a firm fixed price contract.

Inquiries regarding this Request for Proposal shall be submitted to the GCWSA's Engineer via email: Samuel Carroll, P.E. B&B Consultants, Inc. scarroll@bandbcons.com 434-447-7621

Proposals must be received prior to 2:00pm, Tuesday April 26, 2016. Proposals must be submitted to the attention of Glen Gibson, at the Greenville County Government Building, 1781 Greenville County Circle, Emporia VA 23847. Proposals received after the stated date and time will not be considered. Firms responding to this solicitation shall submit Five (5) sealed copies of their Proposal and One (1) electronic copy on CD

The Authority reserves the right to reject any and all proposals and the right to re-advertise for these services. The Greenville County Water & Sewer Authority is an equal opportunity provider and employer.
